Long Term View:

The Conrads are good parents who are appropriately seeing to their children's needs and providing for their emotional and physical well being. The parents have stated that they are meeting all of Daniel's health needs appropriately, and do not need the presence of DCFS or anyone else to address this. They feel that there is nothing further they need to do in order to achieve their long term view of continuing to be a stable, loving family. They disagree with court involvement or any outside party needing to monitor their home. ~~DCFS disagrees with this long term view of the family because~~ Daniel needs to receive medical monitoring and support until his health is stabilized and it is determined that no further medical help is needed.

Permanency Goal and Concurrent Plan:

Child/Youth: Daniel Conrad

Permanency Goal: Remain Home

Concurrent Plan: Guardianship with Relative(s)

Reason for Goal and Concurrent Plan Selections:

David and Mary Conrad are good parents who love and nurture their children. Daniel is getting the care he needs to progress and do better with his health. There is not a reason to anticipate Daniel being removed from the home. However, if Daniel's health were to worsen and not be addressed by his parents, having Daniel placed with a relative would be the next best option.

Child and Family Needs

The following Child and Family Needs will be met in accordance with the Permanency Goals:

Need 1: David and Mary Conrad need to follow any recommended medical, developmental and nutritional steps to ensure Daniel's continued progress physically, developmentally and mentally.

Date Initiated: 10Jun08

Author: Monson, Annette

Active Date: 16Jun08 **Current Status:** Active

Status Date: 16Jun08

Children/Youths Need Applies To:

Conrad, Daniel;

Parents/Guardians Involved:

Conrad, Mary; Conrad, David;

Strengths:

David and Mary Conrad have been working with Dr. Armstrong on Daniel's health and progress. Daniel is gaining weight steadily and becoming more alert and active in his development. The Conrads have allowed DCFS free access to Daniel and are taking him to the doctor for weekly checkups.

Desired Results:

As this need is met, it is anticipated that Daniel will receive all needed medical, developmental and nutritional help necessary to grow and develop to his full potential physically, mentally and developmentally with his after care plan being followed appropriately.

Steps to meet need:

- 1.1 The Conrads will take Daniel weekly, unless otherwise authorized by Dr. Armstrong, to Dr. Armstrong's office for a check up on his health, weight gain, blood nutrient and vitamin levels, etc. They will follow Dr. Armstrong's recommendations regarding Daniel's care and will not make changes to Daniel's diet or care without Dr. Armstrong's prior approval.

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08

Target Date: 16Jun09

Status: In Progress

- 1.2 The Conrads will arrange for Daniel to receive an assessment with early intervention to determine whether occupational and/or physical therapy, etc. is needed. They will follow any recommendations given by the assessment.

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08

Target Date: 16Jun09

Status: In Progress

- 1.3 If occupational or physical therapy, etc. is needed for Daniel, the Conrads will work with said therapist(s) to learn and implement any needed follow up activities or therapy that they can provide as parents in the home. They will work actively

Child and Family Needs

The following Child and Family Needs will be met in accordance with the Permanency Goals:

1.3 with said therapist(s).

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08 **Target Date:** 16Jun09 **Status:** In Progress

1.4 The Conrads will follow up with Endocrine Service (for follow up on secondary hyperparathyroidism due to vitamin D deficiency) by calling (801) 587-3922 for an appointment to be set up as soon as it can be arranged (Daniel was recommended to get this follow up testing done by May.) The Conrads will follow through with any recommendations given as a result of this testing.

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08 **Target Date:** 16Jun09 **Status:** In Progress

1.5 If further medical and/or nutritional help is needed to assist Daniel in improving and progressing in his health, weight and/or development, the Conrads will cooperate with this and actively coordinate with their doctor on any recommended follow up.

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08 **Target Date:** 16Jun09 **Status:** In Progress

1.6 The Conrads will follow up with the Primary Children's Genetics Team regarding ruling out the possibility of Kabuki Syndrome by calling (801) 581-8943 to arrange for a follow up appointment to be scheduled for the end of August. They will follow further recommendations to help rule out or confirm the Syndrome and make sure Daniel is receiving any additional help to overcome or improve his condition if he is diagnosed with Kabuki Syndrome or any other type of genetic or neurological problem.

Person(s) Responsible: Conrad, Mary K; Conrad, David B

Initiation Date: 16Jun08 **Target Date:** 16Jun09 **Status:** In Progress

1.7 The DCFS caseworker will monitor progress toward this objective through monthly contact and support services.

Person(s) Responsible: ~~Monson, Annette~~ *MICKE Godfrey*

Initiation Date: 16Jun08 **Target Date:** 16Jun09 **Status:** In Progress
